

Solution for Homework No. 5: Model Builder

CEEN 4800/6965 - Special Topics
Geographic Information Systems and Hydrologic & Hydraulic Modeling

Q1. After completing Step 26, submit a screenshot of the “Harvest Profitability” model shown on page 571.

Q2. After completing Step 27, answer the following question: What's the mean stand value for harvest stands?

From the Statistics window: mean stand value = **2.828**
